## RAIL STRIKE THREATENING NATION AGAIN

Unions Other Than Train Service  
Men Await Impending Pay  
Slash by Labor Board

## CONFER TOMORROW

Jewell Declares Strike Vote Prob-  
ably Will Follow Cincin-  
nati Meeting

(By the Associated Press.)

Chicago, June 4. — A rail strike  
threatened the nation today as rail-  
way unions awaited the impending  
decision by the United States Labor  
board in the wages of additional  
classes of employees other than  
train service men.

R. M. Jewell, head of the Railway  
Employees' department of the Ameri-  
can Federation of Labor, declared  
that the majority of employees would  
probably vote in a strike vote follow-  
ing Tuesday's conference of railroad  
union chiefs at Cincinnati.

Widely circulated reports have in-  
dicated that a decision in the wage re-  
duction sought by the carriers for  
\$60,000 shop men would be forthcom-  
ing today or early next week, and  
that it would be somewhat less than  
the cut announced last Sunday for  
maintenance of way laborers, which  
averaged about 10 per cent.

Railroad executives have stressed  
the wage reduction proposals for shop  
men because of the board's decision  
recently in one case prohibiting farm-  
ing out of shop work by the railroads  
at lower rates of pay than provided  
in Labor Board rulings.

The absence of several members of  
the Labor board, called out of the  
city on business, made a formal ap-  
pearance of the wage order today im-  
probable. Both the majority opinion  
and the minority opinion embodying  
the objections of the three labor mem-  
bers to the majority cut, were com-  
pleted last night and await the board's  
final action.

Cincinnati, June 4. — Possibility of  
the use of injunctions in an effort  
to hold up the wage reduction de-  
manded by the Railroad Labor board  
will be discussed at the conference to  
be held by executives of railroad  
brotherhoods and organizations in  
Cincinnati Tuesday, it was reported  
in local railroad labor circles today.

Should it be the opinion of legal ad-  
visers of the brotherhoods that there  
are grounds for asking such a pro-  
ceeding, it would be an alternative to  
a strike vote, it was said.

Strike vote, it was said, if the Penn-  
sylvania railroad could hold up even  
the announcement of the decision of  
the board by an appeal to the courts,  
as happened in the case involving the  
legality of a ballot for the election  
of a workers' committee to confer on  
rules and working conditions, the  
same procedure would hold in any  
activity of the board.

## MILITARY OPERATIONS BEGIN

Several Thousand Troops, With Ar-  
tillery and Armored Cars, Take  
Part in Movement on Permagh  
Border.

(By the Associated Press.)

Belfast, June 4. — Military opera-  
tions on a big scale are now in full  
swing on the Permagh border. Several  
thousand troops, with artillery  
and armored cars, are taking part  
in the movement.

Military activity, in reality, began  
about 10 o'clock Saturday night when  
troops with full fighting equipment  
marched from Enniskillen along the  
western side of Lough Erne toward  
Belack. Artillery with armored cars,  
tanks and all the customary para-  
phernalia of war in its train also  
rattled along the narrow road. It was  
planned to place big guns in position  
near Belack, where they would com-  
mand not only Magheramore castle,  
but also Belack and the fort over-  
looking it, occupied by Sinn Fein  
forces.

John Flanagan, a resident magis-  
trate, was shot and killed this morn-  
ing as he was leaving Newry cathedral  
grounds. The assassin escaped. A boy  
was wounded by a stray shot.

London, June 4. — The explosive  
stages of a large number of collisions  
over a wide area in Lancashire were  
ended about midnight last night as  
a great quantity of dynamite and  
other explosives stolen. The raiders,  
equipped with their booty in auto-  
mobiles, they are believed to have been  
Sinn Fein operating for the extremists  
in Ireland.

## TWO ALBANY FIREMEN KILLED WHEN THEIR TRUCK RUNS WILD

Albany, June 4. — Lieutenant James  
J. McMan and Harold Sayers, fire-  
men, were fatally injured today when  
the motor hook and ladder truck on  
which they were riding ran wild and  
crashed into two automobiles. Lieut-  
enant McMan was a veteran of 35  
years' service, while Sayers, 22 years  
old, was responding to his first alarm.

## Cloudburst Causes Great Damage in Southern Tier

Binghamton, June 4. — Damage  
estimated at between \$1,000,000 and  
\$2,000,000 was caused in the Delaware  
river valley in New York state and  
the Lackawanna river valley in Penn-  
sylvania by floods following a cloud-  
burst that swept through the valleys  
Saturday afternoon.

Trunks of the main line of the Erie  
railroad, the Pennsylvania division of  
the Delaware & Hudson railroad and  
the Scranton division of the Ontario  
& Western railroad are undermined  
and covered by landslides, the most  
serious damage occurring on the main  
line of the Erie near Lordville, where  
the tracks were wiped out for a dis-  
tance of 900 feet. Trains are being  
run over the Lackawanna railroad  
from Binghamton to Scranton.

At least ten bridges were swept  
away by the swollen waters of the  
Delaware river and its tributary  
streams. A large number of automo-  
biles are marooned in the flood dis-  
tricts.

Washington, June 4. — The Presi-  
dent of the United States, himself the  
son of a Union veteran, joined with  
gray-clad, gray-haired veterans of  
the confederacy who stood with bowed  
heads at the graves of their com-  
rades in "The Lost Cause" yesterday  
in Arlington cemetery to pay their an-  
nual tribute of love and remem-  
brance to those who had gone on the  
last long march.

Standing beneath the drooping folds  
of the Stars and Bars, President Har-  
ding uttered a prayer of gratitude for  
a reunited nation, whose foundations,  
he said, had been cemented by the  
blood of Confederate and Federal  
allies.

Mr. Harding spoke extemporane-  
ously. He was not on the program  
to make a speech and his appearance  
on the rostrum of the open air am-  
phitheatre was a surprise to the  
crowd which had gathered for the  
ceremony in the Confederate section  
of the cemetery.

## SEC. HOOVER WANTS PUBLIC TO BENEFIT

Retail Coal Dealers Will Be Asked  
to Co-operate in Insuring Estab-  
lishment of Fair Prices

Washington, June 4. — Retail coal  
dealers of the country will be asked  
tomorrow by Secretary Hoover to co-  
operate with the commerce depart-  
ment in insuring to the public the  
benefits of the maximum fair prices  
for coal at the mines established last  
week with operators in more than 80  
per cent. of the present producing  
fields for the duration of the strike.

Members of the National Retail  
Coal Merchants association, headed  
by Homer D. Jones of Chicago, its  
president, will confer with the com-  
merce secretary on the cooperative  
methods to be adopted for preventing  
runaway coal prices during the pe-  
riod of the strike. Later in the week  
Mr. Hoover is to hold a conference  
with representatives of the wholesale  
coal trade with a view to linking up  
the distributive ends of the coal in-  
dustry in passing on to the consuming  
public the fair prices agreed upon  
with the producers.

## NORTHCLIFFE FINDS RHINELAND THRIVES

Prosperity Equal to That of Any  
Country in World, British  
Publisher Declares

London, June 4. — The Times an-  
nounces that Lord Northcliffe has just  
concluded an incognito tour of the  
Rhine-land, using a pseudonym be-  
cause of German animosity toward  
him, owing to his work as director of  
propaganda during the war.

Lord Northcliffe says he interviewed  
scores of Germans, many of them  
extremely hostile, but did not en-  
counter a single unpleasant incident.  
He considers the prosperity of the  
Rhine-land equal to that of any country  
in the world.

Northcliffe describes the birth rate  
in the Rhine-land as "terrific." He be-  
lieves that the example of the British,  
American and French armies of  
occupation has been to remove the  
business manner which Germans for-  
merly displayed towards foreigners.

## 80 REPORTED LOST WHEN SHIP SINKS OFF PARAGUAY

Buenos Aires, June 4. — The steamer  
Villa Franca sank today off Hobonau,  
Paraguay, following an explosion and  
it is believed 80 persons perished, ac-  
cording to a dispatch to La Nacion,  
local newspaper.

The steamer had on board tourists  
for Igazu Falls. The explosion oc-  
curred at 1:40 o'clock this morning.  
It is said the vessel sank so quickly  
that the passengers had no time to  
dress or seek lifeboats.

ed in 1855. The combined publication

## CITY OF VERDUN IS GIVEN MEDAL

First and Only Honor of Its Kind  
Ever Bestowed by U. S.  
on Any Community

## A DAY OF MEMORY

Ambassador Herrick, Presenting,  
and Premier Poincare, Receiv-  
ing Medal, Refer to Heroes

(By the Associated Press.)

Verdun, June 4. — In the name of  
the American congress and the Ameri-  
can people, Myron T. Herrick, Ameri-  
can ambassador, today presented to  
the city of Verdun, the first and only  
medal ever given by the United States  
government to any community in the  
world.

The ambassador and Premier Poin-  
care together, visited the ground  
where are buried many thousands of  
French whose valor the medal com-  
memorates, and both spoke under the  
emotion aroused by the thought of the  
city.

Cunningham, whose story of a  
shooting affray in the Ward home at  
New Rochelle has been denied in  
every detail by the wealthy young  
banker, has furnished the detectives  
with the names of business men in  
Syracuse, who he says can vouch for  
his character. Cunningham's wife is  
said to reside in Syracuse.

The Syracuse business men, detec-  
tives said, had been named by Cun-  
ningham several years ago when he  
sought a position several years ago  
when he sought a position with a  
Chicago detective agency.

Persons interested in the case ex-  
pressed hope tonight that the grand  
jury, in its investigation starting to-  
morrow, would be able to draw from  
the various witnesses subpoenaed, in-  
cluding Ward's wife, the true story of  
the shooting and the events leading to  
it. Louis Barrows and Amy Milled,  
also have been subpoenaed.

District Attorney Weeks was not in  
White Plains today but he has ex-  
pressed a determination to compel  
witnesses to talk or send them to jail  
for contempt.

Counsel for Cunningham, it is said,  
will attempt tomorrow to obtain the  
release of their client through habeas  
corpus proceedings. Today Cun-  
ningham was told of the arrest in Phila-  
delphia of John Cienzo. He said  
Cienzo answered the general descrip-  
tion of "Joe Jackson," who, accord-  
ing to his story, was wounded in the  
shooting at the Ward home.

## RUSSIAN ENVOY NOT RECOGNIZED

Bakmeteff's Credentials No Good  
at Washington and He Soon  
Plans to Retire

Washington, June 4. — Boris Bak-  
meteff, whose status as Russian am-  
bassador here has been a subject of  
controversy since the Kerensky gov-  
ernment, which appointed him, col-  
lapsed five years ago, has been not-  
ified by the state department that his  
credentials no longer will be recog-  
nized by the United States after June  
20.

The department acted after Mr.  
Bakmeteff himself, taking note of  
the senate criticism of his continued  
presence here, had offered to re-  
cede. The work of liquidating  
property claims growing out of the  
war, the ambassador said, had been  
his chief function in recent months  
and now was about completed.

In making public the correspond-  
ence tonight, the department an-  
nounced also that termination of Mr.  
Bakmeteff's duties as ambassador  
has no whatsoever upon the ques-  
tion of the recognition of the Soviet  
regime in Russia, which is an en-  
tirely separate matter.

## BOLSHEVIK PREMIER SUFFERS STROKE BUT IS IMPROVING

Moscow, June 4. — Confirmation was  
obtained today of the report that Ni-  
kolia Lenin, the Bolshevik premier,  
had suffered an apoplectic stroke. It  
is declared his condition is serious,  
but that he is improving.

## GERMANY'S FLOATING DEBT

Berlin, June 4. — The floating debt  
of Germany on May 31 was 283,246,  
065,000 marks. These figures show an  
increase in the debt from May 21 to  
May 31 of 22,560,000,000 marks.

## Mexican Govt. Minimizes Revolutionist Rumors

Mexico City, June 4. — Notwith-  
standing rumors that revolutionists  
inside and outside the republic are  
attempting to launch a movement to  
drive President Obregon from office,  
there apparently is no more pertur-  
bation either in the capital or in the  
various states than has been noted  
during the past three months.

If there are any troop movements  
being carried out, they were not to  
be observed here today by the people  
of the capital, who enjoyed their Sun-  
day rest in the usual round of band  
concerts and promenades.

Reports from the states indicate  
that the unrest caused by rising  
bands had not diminished during the  
past week, but the government in its  
public declarations continues to min-  
imize the importance of all such  
movements, especially that attrib-  
uted to General Felix Diaz.

## LITTLE ACTIVITY IN WARD MYSTERY

Authorities Hope Grand Jury Will  
Be Able to Learn True Story  
of Shooting Today

White Plains, June 4. — Detectives  
delving into the past of James J. Cun-  
ningham, who is being held in jail as  
a material witness, represented the  
only activity today in the investigation  
of the killing by Walter S. Ward of  
Clarence Peters, former sailor.

Cunningham, whose story of a  
shooting affray in the Ward home at  
New Rochelle has been denied in  
every detail by the wealthy young  
banker, has furnished the detectives  
with the names of business men in  
Syracuse, who he says can vouch for  
his character. Cunningham's wife is  
said to reside in Syracuse.

The Syracuse business men, detec-  
tives said, had been named by Cun-  
ningham several years ago when he  
sought a position several years ago  
when he sought a position with a  
Chicago detective agency.

pressed hope tonight that the grand  
jury, in its investigation starting to-  
morrow, would be able to draw from  
the various witnesses subpoenaed, in-  
cluding Ward's wife, the true story of  
the shooting and the events leading to  
it. Louis Barrows and Amy Milled,  
also have been subpoenaed.

## EMPLOYMENT IS SLOWLY RISING

3.2 Per Cent Increase During May,  
Despite Coal Strike, Re-  
port Reveals

Washington, June 4. — Increase of  
3.2 per cent. in employment in various  
industries during the month of May  
was noted by the employment service  
of the labor department in its month-  
ly report made public today. The re-  
port included statements of agents in  
65 principal industrial centers, 49  
figures in the district covered and 16  
showing decreases.

"The country as a whole," said Di-  
rector General Jones, "is rapidly get-  
ting back to an employment basis  
with the exception of the coal and  
cotton textile industries. The broad-  
ening-out of industry in most all lines  
of activity for May clearly empha-  
sizes the fact that business depression  
is behind us."

"Building construction widened in  
May over April. A genuine building  
boom is on throughout the country."

## 50,000 KLANSMEN GATHER IN ILLINOIS

Largest Ceremonial in History of  
"Invisible Empire" Does Not  
End Until Dawn

Joliet, Ill., June 4. — What was de-  
clared to be the largest gathering of  
the Ku Klux Klan ever held did not  
end until approaching dawn dimmed  
the fiery cross high over the assem-  
blage this morning. It was said that  
every city north of Springfield in Illi-  
nois and many points in Iowa, Wis-  
consin and Indiana, were represented.  
The number in attendance was es-  
timated at from 30,000 to 50,000.

While bonfires blazed from sur-  
rounding hills, more than 2,000 candi-  
dates were "naturalized" into the  
"invisible empire." The meeting was  
held in the woods near Plainfield and  
white-robed and hooded figures  
guarded the roads while the rituals  
were conducted by the light of flam-  
ing torches.

## VACUUM CLEANER INVENTOR FOUND STRANGLED TO DEATH

Kennedy, aged 55, of North Plainfield,  
N. J., inventor of the vacuum cleaner,  
was found dead with a cord tied  
around his neck at the foot of Mount  
Beacon, 16 miles south of here, this  
afternoon. Coroner E. K. Johnson  
pronounced death to have been caused  
by "accidental strangulation."

## GOVERNOR'S BROTHER DEAD

Jersey City, June 4. — Cornelius S.  
Edwards, brother of Governor Ed-  
wards of New Jersey, died today in  
Christ hospital, where he was oper-  
ated upon for stomach trouble on Sat-  
urday. He had been ill for more  
than a year.

## WARRANT OUT FOR GEORGIA G. O. P. LEADER

J. L. Phillips Accused of Fraud  
in the Execution of War  
Contracts

## WILL RESUME PROBE

Developments Expected to Follow  
Rapidly in Special Grand  
Jury Investigation

Washington, June 4. — A warrant  
has been issued by United States Com-  
missioner Hitt for the arrest of J. L.  
Phillips, chairman of the Republican  
state committee for Georgia, charging  
fraud in the execution of war con-  
tracts. Beyond confirming reports that  
the warrant had been issued, Com-  
missioner Hitt refused tonight to dis-  
cuss the case.

Phillips, as a member of the firm  
of Phillips & Stevens, obtained a con-  
tract soon after the armistice from the  
government to dispose of surplus  
lumber left from cantonment and  
camp construction and other war  
building developments, the firm hav-  
ing been designated by a conference  
of lumber dealers to act as their  
agent.

Representative Woodruff, Republi-  
can of Michigan, in a recent speech  
in the house, asserted that official re-  
ports had been filed by government  
auditors in September, 1921, showing  
that Phillips & Stevens still owed the  
government under this contract more  
than \$1,850,000, and that so far as he  
could learn, "no proceedings whatever  
had been instituted in this connection."

Probe Enters Second Week.  
With the second week of the in-  
vestigation by the special grand jury  
of the war frauds getting under way  
tomorrow, developments may be ex-  
pected to follow rapidly according to  
the meager reports that come from  
behind the heavy veil of secrecy  
which has shrouded proceedings in  
the grand jury room.

Considerable progress has been  
made in presenting evidence in the  
last week, and the first to be under-  
taken by the inquisitorial body em-  
panelled under a special act of con-  
gress, it was generally understood.

The lumber cases were among those  
referred to by Representative Wood-  
ruff, when he read an official mem-  
orandum from Ernest C. Steward, in  
charge of the contract audit section  
of the army's finance department to  
his superior officer, setting forth the  
basis for his belief the sale of surplus  
lumber should be investigated by the  
department of justice.

The army's surplus lumber was sold  
under contract with the government  
by a firm, Mr. Steward charged, which  
had been appointed by representatives  
of "lumber interests" to act as their  
agent "for the ostensible purpose of  
so regulating the disposal of surplus  
stocks of lumber then held by the  
government as not to disrupt or in-  
jure the transactions of the com-  
mercial trade."

Four kinds of wood were to be dis-  
posed of by the original contract, the  
memorandum said. Notwithstanding  
this, 30 kinds were sold, "and by  
questionable agreement between the  
director of sales and the contractor  
there was also included many million  
feet of mahogany, cherry, walnut and  
other very valuable hardwoods."

Steward asserted, warranted the  
assumption of gross fraud and collu-  
sion. The value of the lumber sold,  
he disclosed, he reported, was  
\$4,697,171, of which the government  
received \$2,843,995, leaving the bal-  
ance due to the government of \$1,  
853,076, which he said has never been  
paid.

## SWARMS OF MOSQUITOES CAUSE TWO FIRE ALARMS

Chicago, June 4. — Mosquitoes, fly-  
ing in such thick swarms that they  
were mistaken for smoke, caused two  
fire alarms today.

Members of a truck company an-  
swered a call for the fire to the steep  
of St. Michael's. The Roman Catholic  
church was burning. The firemen  
saw what they first supposed was a  
small cloud of smoke and they raised  
their extension ladder. When men  
mounted the ladder, they encountered  
the mosquitoes and were forced  
back. They found no fire.

The same experience was met by  
members of an engine company called  
to the Zion Baptist church in an-  
other section of the city.

## AMERICAN LEGION HAS PART IN LONDON CEREMONIES

London, June 4. — The American  
legion was represented among the 6-  
000 former British service men who  
this afternoon participated in impres-  
sive ceremonies at the Cenotaph in  
Whitehall as the first part of the an-  
nual conference of the British legion,  
which opened this morning under the  
presidency of Field Marshal Haig.

Prince Henry, son of King George,  
reviewed the members of the horse  
guards and marched with them to the  
Cenotaph.

bec. Her passengers have been trans-  
ferred to the steamers Cassandra,  
Metaganan and Canada.

West Laurens, June 4. — About 8 o'clock on June 1, while Harry Cook, son of Mr. and Mrs. Robert Cook, was standing by the corner of the barn some distance, a passing bullet from a rifle struck him on the left temple very close to the eye and just missing the artery. It tore a large three-cornered hole which Dr. Pomeroy of West Oneonta dresses daily.

## WE STILL ARE HOME BUILDERS

Is home owning a lost ambition? Are we becoming a nation of city dwellers and renters? No, if we put faith in the figures compiled by the latest established Bureau of Housing of the Department of Commerce. Of sixty-eight cities of more than 100,000 population but twenty show a loss in percentage of homes owned between 1910 and 1920 (the figures are from the Census Bureau), and the losses are more than offset by the gains of the other 48. Of the twenty whose losses were recorded, four, Detroit, Cleveland, St. Louis and Los Angeles, are in the first ten cities in point of population.

Although in New York more homes are owned than in any other city the percentage is lowest, but 12.7, yet even here the percentage has grown from 11.7 in 1910 and 12.7 in 1920. Manhattan presents the most striking situation. With more than half a million homes, less than 11,000 were owned, little more than 2 per cent.

If home owning be a form of civic virtue, then Des Moines may gather her chaste skirts about her as painted Manhattan passes, for the Iowa paragon among cities shows a percentage of home ownership of 51.7, a growth from 45.6 per cent in 1910 and 48.5 in 1920. In only one other community of more than 100,000 inhabitants are half the homes owned and that is Grand Rapids, Michigan.

While the above figures apply to the larger cities of the country only, the best of them are equalled and probably exceeded by many of the smaller cities, and among them Oneonta, where home building goes on steadily, and the general ambition is to own home. In this laudable endeavor citizens are aided by the Oneonta Building and Loan association, whose paramount purpose is to make our city a community of home owners. Its work has very effectively been carried out here, and it has also to its credit the associations at Cooperstown and Cobleskill, which are in a true sense its children. The organizations in those villages having to great degree been inspired by the success which in Oneonta has been attained.

## ROAD BUILDING PROGRESS

From the progress being made in Federal-aid work the states are evidently exerting every effort to make the present season a big one for road construction, according to the Bureau of Public Roads, United States Department of Agriculture. In February \$3,000,000 was allotted, and in March the figure jumped to \$10,025,000.

In April plans for 225 projects were approved by the bureau, the second largest number in the history of Federal aid, and indications are that the number for May was even larger. In the past the peak in volume of plans approved came in June and July; the earlier occurrence this year shows that the states are making good their promise to get as much work under construction as possible to take advantage of lower prices and relieve the unemployment situation. A considerable portion of the projects for which the plans are approved should get under construction during the summer and add greatly to the 13,360 miles under construction on March 31.

On this date the number of completed projects on which final payment had been made passed the 2,000 mark, involving 11,017 miles. It will be interesting to watch the growth in this figure during the 1922 season.

## WOMAN TO RUN FOR CONGRESS

Mrs. Ida Smith of Binghamton Announces Socialistic Platform.

Mrs. Ida B. Smith, No. 104, Rush avenue, has announced her candidacy in this the thirty-fourth congressional district, says a Binghamton dispatch. Her platform, she said, is that of the Liberal Socialist league, the Backboners' union, and of total disarmament of a spiritual basis.

Mrs. Smith said that within a few weeks she will establish her headquarters in the Grand hotel, Court street, and will distribute her platform in every home in the city. The seven issues raised by Mrs. Smith are in part as follows:

Public ownership and operation of free transportation and communication lines, including steam and electric railways, canal and steamship lines, mail and express services and telegraph and telephone systems; abolition of patents, inventors to be rewarded by having the government pay them either a salary or a lump sum for the invention; direct federal taxation of states; and direct state taxation of cities and towns according to population; local taxation of land only; establishment of municipal stores to furnish food, clothing and other commodities at cost to residents and the employment by the state, city or town of all residents who desire it at some productive or otherwise useful work, for not less than \$2 a day, the working day to be not more than eight hours.

The Liberal Socialist party, it is said, has large followings in at least two sections of the city, but its vote, according to leaders of both Democratic and Republican parties, will have little or no effect upon the congressional contest in the thirty-fourth district to be waged in November by the leading parties.

Whether He Said It.  
Denial follows denial that the late Colonel Whitteley, leader of the "Lost Battalion," really told the Germans to "go to hell." But it is a safe wager that the school histories a century hence will quote the phrase.—[New York Herald.]

## COMMENTS OF THE PRESS

Needed on His Job.

The trustees of the University of Pennsylvania have yielded gracefully to the request of the War department that they permit General Wood to remain supervisor of the Philippines to the end of the year. Under his agreement he was due to return to this country immediately and become head of the university.

The nation, however, needs General Wood in the Philippines. He is the one man best fitted to administer the affairs of the islands at this particular time, when the Four-Power treaty is being put into effect. He has the confidence of the Filipinos and of the people of the United States. Were he to drop his work now a serious problem would be further complicated.—[New York Tribune.]

## A Sartorial Revolt.

In Paris some time ago raccoons took offense at the appearance of the male mankind who paraded with corset pinched waists, flowing coat skirts, dainty shoes and "made up" complexions. Paris does not ordinarily shy at the vagaries of her style makers. Parisions support with fortitude the eccentric eye opener of the fashion. But when the new manumline of the season appeared bathed in perfumes, forbearance fled, and there occurred something more like a sartorial demonstration than like a sartorial one.—[New York Sun.]

## Thinking of Real Money.

The presence of the world's bankers at Paris has produced a new situation. Paris and Berlin, instead of staring at each other with increasing hostility and helplessness, have turned their eyes to Amsterdam, New York and London. For it is in those financial capitals that wealth exists in a form where it might be used for reparations payments. With the bankers listening, the governments are finally thinking of real money rather than political, vote-getting paper money.—[New York World.]

## As to Silesia.

As long as Germany had to yield on the Silesian issue, it would have been more dignified if it had yielded without so many half-masted flags and so much lamentation. Poland has rights as well as Germany, and Germany keeps a good deal of Silesia, all of which was stolen from Austria ultimately from Poland. If there is a large German population in the part of Silesia assigned to Poland, it was probably planted there by Prussia in its campaign to expropriate Poles and distribute them in the Rhineland and replace them with Germans.—[Philadelphia Record.]

## Unique Stambulsky.

Bulgaria is trying an interesting experiment, with a king and a peasant premier, the latter a Socialist. Briand was a Socialist premier in France, but he did not try to make the peasantry the ruling class, as Stambulsky is trying to do. The occasional seepings out of Sofia seem to indicate that Stambulsky is a man of original ideas, but that where he undertakes to overturn human nature his experience is of the common run.—[Philadelphia Ledger.]

## Allocating Canada.

On his return to London from a tour of the world, Lord Northcliffe made a remarkable statement, warning England against further alienation of the affections of the Canadian people by neglecting the affairs of the American dominion. As the Associated Press reports him, he was glad he did not join the present cabinet when he was invited, if only because it could not be said that he helped the beginning of the end of the British Empire by losing the prairie provinces of Canada.—[Wilkes-Barre Record.]

## Limitations.

The "Babe" is an ornament of the diamond and a demon with his bat and a willing contributor to the public happiness; but even a King of Swat cannot do as he dorgone pleases.—[New York Tribune.]

## Moonshine Factor.

The moon moves about 3,500 feet a second; but the moonshine moves more feet than that.—[Binghamton Sun.]

## The Easiest Way.

The easiest way to understand the psychology of the American people is to study the material it sends to congress.—[Albany Constitution.]

## The Usual Combination.

Generally speaking, a prominent citizen is a combination of an ordinary man and an extraordinary press agent.—[Philadelphia Public Ledger.]

## LEGIONAIRES HOLD FROLIC

Many Visitors from Out of the City Join Members of Mooseheart Legion in Initiation and Banquet Not Soon to be Forgotten.

With a large number of visitors present from cities and villages throughout this section of the state, the local unit of the Mooseheart Legion of the World held a "frolic" yesterday afternoon which eclipsed any event of the sort ever held by the Oneonta legion. The local organization proved right royal entertainers and it is certain that none of the visitors regretted having made the trip.

The ceremonies began at 2 p. m. with the initiation at the Oneonta Dancing academy of 25 candidates from Oneonta, Albany, Sidney, Norwich and New Berlin. The work was in charge of the degree team of Schenectady Legion, No. 18, and naught but praise was heard for the manner in which the Schenectady legionnaires conducted the ceremonies.

At 5 o'clock a banquet was held in P. O. hall. George Noble of the Pioneer Lunch was in charge of this portion of the program and he provided a dinner that would have done justice to a New York chef. The dishes were admirably cooked and just as admirably served and if any one of the diners failed to enjoy the meal certainly he alone was to blame.

With the dinner finished, addresses on different phases of the work of the Legion were given by various of the distinguished guests. Great North Moose J. J. Hilley of Albany presided as the very capable toastmaster. The first speaker was District Supervisor P. J. Fitzgerald of Newark Legion, who congratulated the Legion upon the success of the day and emphasized the work being done by the Moose at the great Home at Mooseheart, Ill. Past Great North Moose Roy Evans of Cohoes gave a most enjoyed speech, touching on the activities at Mooseheart and pleading for more intensive work on the part of local units. Schuyler Mockery of Albany, Mr. Haas of Mechanicsville, Mr. Seward of Schenectady and Peter Marcell of Albany, spoke of the benefits of belonging to the order and of the wonderful work which it was doing for the orphans and widows of its members.

The last speaker was Lester Block of Albany, member of the Board of Grand Regents. Mr. Block gave an eloquent and forceful address and impressed all with the sincerity of his regard for the order and its work. He said that the love of the child has knit the Legion together into a great force and emphasized the fact that a man is not a good Legionnaire unless he lives up to the creed which he is taught and which requires him to do some good deed every day. Mr. Block spoke of the Old People's home which the order is to build, stating that in accordance with the belief of the grand regents that work makes for contentedness and happiness work of some nature would be provided for all the guests at the home.

All in all the day was one that local Legionnaires as well as those from out of the city fortunate enough to be present will not soon forget. Suitable delegations were present from Albany, Troy, Cohoes, Schenectady, Amsterdam, Hudson, Utica, Gloversville, Norwich, Sidney, Glens Falls, New Berlin and Mechanicsville.

Hector S. Marvin of Delhi has received the appointment to a similar position for the Delaware-Sullivan district and his appointment will afford equal satisfaction to the members of the fraternity in that district. The appointee for the Broome-Chenango district is Clarence H. Eldred of Alfred.

## SCOUTS AT BINGHAMTON

Thirty-Two Oneonta Boy Scouts Enjoy Field Sports at Johnson Field Saturday and are Entertained by H. M. Addison.

Despite the almost steady downpour of rain throughout the day the 32 Oneonta Boy Scouts who made the trip to Binghamton to attend the Scout Rally at Johnson City reported an enjoyable outing upon their return home early in the evening. The various sports and contests were held between showers and proved of much interest to the Oneonta boys.

The party left Oneonta at 7:40 a. m. in LaGrange's bus. Neither Scout Commissioner C. I. Biederman nor Prof. W. H. Lynch being able to make the trip, Mr. Gillette, a student at the Normal school, was detailed to take charge of the boys and he proved a capable leader. Following the sports at Johnson Field the Oneonta boys were entertained at the Stone theatre by courtesy of Manager H. M. Addison, formerly of this city and an ardent scout worker and lover of boys. The party reached home at 7:45 p. m.

### LOCAL MENTION.

—Oneonta vs. Unadilla, Neahwa  
park, 4:15 p. m.

—Commencing Wednesday, June 7,  
the public market will be open Wed-  
nesdays and Saturdays of each week  
during the summer months.

—The condition of Rev. Dr. J. C.  
Russell, who was taken ill on his ar-  
rival home from Horseheads early  
last week, was reported last evening to  
be more encouraging, but he is  
still a very sick man.

—Shoppers and others should bear  
in mind that beginning today and con-  
tinuing through the summer months  
the stores of all members of the  
Merchants' association, except groce-  
ries and meat markets, will close at  
5 p. m. each day except Saturday.

—Members of the Chamber of Com-  
merce and Woman's club are request-  
ed to note that the forum dinner  
meeting on "City Beautification" is  
Tuesday and not this evening. An  
error on the return postal enclosed in  
the notice mailed has created some  
confusion in the mind of a few mem-  
bers.

—Prof. C. A. Kallgren announced  
yesterday morning from the pulpit of  
the First Presbyterian church, which  
he is supplying during the absence of  
Dr. Russell, that Dean Vickert of Col-  
gate Theological seminary would  
deliver the sermon on Sunday morn-  
ing, June 18. Dean Vickert visits  
Oneonta that day to deliver the baccala-  
ureate sermon at the Normal in the  
afternoon.

### UNADILLA HERE TODAY

Contest with Heavy Hitting Team  
From Down the River Should Be  
One of Best of the Season—Thomas  
Will Pitch for Oneonta.

That the colors of Bridwell's One-  
onta Giants will be cleared of the  
stain of the defeat administered by  
Unadilla at that village on Wednes-  
day last when the teams clash at the  
Athletic field here at 4:15 this after-  
noon is the prediction and firm con-  
fession of every man on the squad  
and of every Oneonta rooster. Oneonta  
was not beaten at Unadilla—just de-  
feated in a close and thrilling contest  
—but the defeat rankles and the  
Giants are out for revenge.

It is expected that Thomas, Brid-  
well's left-handed pitcher, will be on the  
mound this afternoon with Sinstack  
receiving him. "Tommy" has had  
a good rest and is ready to do battle.  
With him at his best, Manager Bell's  
merry men will have a hard row to  
hoe. The game will derive added in-  
terest for Oneonta fans from the fact  
that "Swat" Byrnes, picturesque  
member of last year's Oneonta team,  
will play first for Unadilla. "Swat"  
has been living up to his nick name  
in Unadilla, clouting them to all parts  
of the field with great regularity.  
Fans will also be able to see in action  
Purcell, latest recruit in the ranks of  
the Giants.

A steady downpour caused the post-  
ponement of Saturday's game with  
the Troy Professionals, to the great  
disappointment of the many who  
wished to see the battle between the  
Giants and Scanlon's former team-  
mates.

## Four Killed Outright In Motor Car Crash

Sunday Afternoon Near Morris Manor in Butter-  
nut Valley When Car Plunges Over Bridge  
and Overturns in Creek

### FIFTH OCCUPANT INJURED

Two Families from Masonville Nearly Wiped Out When  
Inexperienced Driver Loses Control of Car  
—Pinned in Water Under Car

Sunday witnessed one of the most  
shocking and distressing motor car  
accidents yet occurring in this sec-  
tion, four persons, a woman and three  
children, were killed outright and a  
second woman was critically injured  
and will probably die, when the Ford  
touring car in which they were rid-  
ing plunged over the stone bridge near  
Morris Manor, the summer home of  
Dr. Lewis H. Morris of New York  
city, located about midway between  
Morris and Gilbertsville.

The dead are Mrs. Lewis Dean and  
five-year-old son, Fuller L. Dean, Har-  
old Bowman, aged five, and little  
Thomas Bowman, aged two years,  
children of Mr. and Mrs. Leon E.  
Bowman, all of Masonville, where  
both men are respected farmers. All  
save the babe were buried beneath  
the overturned car in Morris creek.

Mrs. Bowman was so seriously in-  
jured that she was rushed to the Nor-  
wich hospital, where last night she  
died but she had sustained critical  
internal injuries, and it was feared  
that she could not survive.

The two families, neighbors, resid-  
ing about one mile from the village  
of Masonville, had left their homes at  
about 9 o'clock and, traveling in a  
car owned by a brother of Mr. Dean,  
had driven to the Morris fair grounds,  
where they had a picnic dinner. Their  
left early in order to reach their  
homes in ample time for the evening  
chores. Mr. Dean had driven on the  
outward trip, but Mr. Bowman, who  
admits having had very little experi-  
ence, expressed a desire to drive the  
car. He got along well until he reached  
the scene of the accident and nei-  
ther he nor Mr. Dean, the only sur-  
vivors able to talk, can give any in-  
telligent account of what happened,  
both being dazed and shocked by the  
fatal outcome.

When the car reached the approach  
to the arched bridge it shot across  
the roadway and collided with the  
stone wall on the east side of the  
bridge at the edge of the creek. It  
crashed over the wall and landed up-  
side down in the water about 25 feet  
below and fully 15 feet beyond the  
north bank. The men were on the  
front seat and were able to extricate  
themselves and, though bruised and  
dazed, pulled Mrs. Bowman from be-  
neath the car. She was evidently bad-  
ly injured. Mrs. Dean's life was extinct  
when her body was brought out. The  
bodies of the two boys were found in  
the wreckage. The bodies of the two  
boys were soon after recovered, pass-  
ing motorists and others from the  
Morris Manor place coming to the as-  
sistance of the men.

It was some little time before the  
body of the baby of Mr. and Mrs. Bow-  
man was located fully 150 feet down  
the creek in a pool of water. The  
physicians met at the scene, Dr. H. H.  
Gilbertsville and Allen of Morris  
advised taking Mrs. Bowman to the  
Norwich hospital and Lynn Dietz of  
Gilbertsville carried her there. The

hospital physicians found no evidence  
of external injuries, but symptoms of  
severe internal ones. She is an un-  
usually large woman and her recovery  
is considered very doubtful. The phy-  
sicians have not expressed an opinion  
relative to the death of the children,  
whether from injuries or from drowning.

Coroner N. W. Getman of Oneonta  
was called to the scene of the acci-  
dent and after viewing the bodies of  
the four victims, directed they be re-  
moved to the undertaking parlors of  
J. M. Moore at Gilbertsville, where  
they were cared for. They will prob-  
ably be taken to Masonville this  
morning. Dr. Getman was unable to  
secure from Bowman any cause for the  
accident.

It has been suggested by some fa-  
miliar with the scene that it is possi-  
ble that the attention of the driver  
was called to the pond and water on  
the west side of the highway or to  
the Morris Memorial chapel across  
the road, and that when he turned to  
look the car swerved, and that possi-  
bly when he discovered where he was  
headed in his haste he applied more  
power to the car. Both men declared  
that the car was going about 12 or  
15 miles—the usual pace reported  
after accidents have occurred. This  
or any cause. Certainly no cause of any  
kind could be secured from Bowman,  
nor would he venture a probable ex-  
planation.

The two men were badly shaken up  
and no doubt suffered from the shock.  
Mr. Dean complained considerably of  
his back and Mr. Bowman suffered  
quite severe pains in his head. Neigh-  
bors from Masonville hurried to the  
scene of the accident as soon as they  
learned of the accident, and offered  
what assistance they could.

While the walls on either side of  
the archway are thicker at the bridge  
than at the approaches, the macadam  
is not contracted and this fact, nor  
the slight grade over the archway,  
should cause any trouble. The bridge  
was constructed before the advent of  
the state roadway and the level of the  
bridge was raised when it was im-  
proved leaving the wall on either side  
lower than before. It is perhaps two  
feet high at the approaches and  
somewhat higher at the center of the  
bridge. It is said that the wall did  
not give way, which would indicate  
that the car was moving perhaps  
some faster than reported.

Mrs. Dean's maiden name was  
Laura Fuller and beside the husband  
she is survived by one brother, Rev.  
Jerome Fuller, whose home address  
could not be learned, and one sister,  
Mrs. William Bogart of Masonville.  
Her age was 31 years. Both families  
are respected residents of Masonville.  
Mr. Dean is a son of Gould Dean, also  
of Masonville. He is a nephew of  
Mrs. Daniel Webb and a cousin of  
Mrs. Charlotte Carpenter of this city.

### DRILL NIGHT IS MONDAY

Being Made for Summer Camp.

Company G will drill hereafter on  
Monday instead of Tuesday nights,  
according to orders received by Cap-

understood that the order affects all  
units of the regiment.

Active preparations are being made  
by the officers and members of Com-  
pany G for the annual camp at Peek-

getting ready process a hike and over-  
night bivouac is being planned for the  
near future.

Another matter that is receiving  
the attention of members of the unit  
is that pay day comes on July 1.

with musical activities at Colgate  
university, he will be unable to be  
present on the evening named. The  
musical program by local artists of  
excellent ability and training will  
be given as scheduled. The disap-  
pointment occasioned by Professor  
Saunders' inability to come to One-  
onta on June 9, will be lightened by  
his promise that in the near future  
he will accord the music lovers of  
Oneonta one of the most evening rep-

### TUESDAY'S FORUM DINNER

All Members of Chamber of Com-  
merce and Woman's Club Should  
Attend—Inspiring and Timely Ad-  
dress on "City Beautification" by  
Mortimer Merritt, Distinguished  
Landscape Architect.

Many members of the Chamber of  
Commerce and Woman's club have  
already made reservations for the for-  
um dinner on "City Beautification" to  
be held tomorrow evening at 6:30  
o'clock at the Elks' club banquet hall,  
and it is expected that the gathering  
will be one of the largest conducted  
this year by the chamber. Reserva-  
tions at one dollar a plate should be  
made tonight by return postal or by  
telephone tomorrow morning by any  
members of the two organizations or  
any other citizens desirous of attend-  
ing.

Mortimer G. Merritt, landscape ar-  
chitect of Rome, who will deliver the  
address on "City Beautification" spent  
Friday afternoon in Oneonta gather-  
ing material to use in his talk. To-  
gether with his son, Ralph Merritt,  
he was taken on an automobile tour  
of the city by Francis Lee and Secre-  
tary Hicks, and Mr. Merritt pointed  
out numerous instances during the  
ride where more considerable attention  
to the care of residential lawns, trees  
and the city's parks would greatly  
enhance the beauty of Oneonta. He  
returned by automobile to Cooper-  
town Friday evening, where he is now  
engaged in landscape work.

Concrete suggestions will be made  
by Mr. Merritt in his talk for the im-  
provement of Oneonta's appearance.  
The care of lawns, trimming of trees,  
use of native shrubbery, the plant-  
ing of flowers around lawns, the elimi-  
nation of specific eye-sores, will be  
but a few of the subjects he will touch  
upon during his talk. The interest his  
similar talks in Cooperstown, Amster-  
dam and other places have recently  
created indicate the benefit every citi-  
zen in Oneonta will derive from being  
present at Tuesday evening's dinner.

An appetizing menu is being pre-  
pared by Steward Peterson and with  
the new ventilating system and furni-  
ture installed in the banquet hall, an  
even more enjoyable evening than  
was the last forum dinner is promised.

## Fitting Feet to Shoes Is Out of Date

Time was when feet were fitted to  
shoes. Footgear was made to suit the  
ideas of somebody or other who didn't  
believe smartness and comfort were  
even distant cousins.

Tender feet were thrust into harsh  
leather casings, which paid little atten-  
tion to the natural shape of the foot, and  
delicate bones were warped and twist-  
ed to fit the shoe.

But it's all over  
now! In the  
Gardner Shoe  
is embodied every  
demand of  
the foot spe-  
cialist, and yet  
so skilfully is it  
designed that  
no caprice of  
style has been  
neglected.

We're fitting Fashionable Shoes to your feet.

# AFTER TWO YEARS IN MEXICO.

Earl S. Hoyt Returned Sunday Morning to His Home in Oneonta.

Hale and hearty after two and a half years absence and browned to a degree that made J. G. Hoyt hesitate for a fraction of a minute before extending the glad hand of fatherly recognition, Earl S. Hoyt arrived in Oneonta Sunday morning and is now at the family home, 60 Ford avenue. Mr. Hoyt, who is a graduate of the Rensselaer Polytechnic institute, departed two and a half years ago for the turbulent republic of Mexico, where he was employed with the Continental Mexican Petroleum company. For the last year he had held a responsible position with the James P. Martin Contracting company at Tampico, which recently on account of serious difficulties in the oil fields, shut down work.

Following his departure from Tampico, Mr. Hoyt spent some time in the city of Mexico and at the ranch of a friend in that country, sailing from Manzanillo on the west coast on May 10, coming via the Panama canal and various points of interest in the Caribbean and a day or two ago reaching Baltimore, whence the homeward journey was by rail. The Mexican sojourn of Mr. Hoyt was filled with varied and interesting experiences. His many friends will welcome him home and will be glad to know that he expects to remain for a month or so at least for rest and recuperation.

Lakin were numerous at her funeral held from the family home at 59 Elm street Sunday afternoon at 2:30 o'clock and attended by a large gathering of relatives, neighbors and friends. The members of the Royal Rebekah lodge and of the Philanthropy class of the First Baptist church of which the deceased was a member attending as organizations.

The services were conducted by her pastor, Rev. Dr. Edson J. Farley, who spoke eloquently of her life and services to the family and the church, founding his remarks upon the passage, "Blessed is the sight of the Lord is the death of the saints." Dr. Farley said that Mrs. Lakin will be missed and that in the family the home of "Aunt Martha" was one place that all enjoyed going. He referred to the esteem in which she is held by all who knew her. The services were simple and closed with a fitting prayer for the sorrowing family and friends.

The survivors were six nephews of the deceased, the same young men who carried Mrs. Lakin's mother from the same home to her last resting place five weeks ago yesterday, Albert, Samuel, William, Frank, Forrest and Wilbur Slawson.

The floral pieces were numerous and included a basket of roses from the neighbors and friends in the vicinity of her late home, and other designs from the Royal Rebekah lodge, from the Noble G. and S. association on the Philanthropy class and the daughters of the First Baptist church and one from the Laurel avenue school in Binghamton, where Miss Elizabeth Slawson teaches, in addition to these from the family and personal friends.

The friends from away in attendance included, Mrs. Earl Murray and son, Howard, of Amsterdam, Mr. and Mrs. Edward Slawson of Delanson, Alva Slawson of Pittsfield, Mass. Rev. and Mrs. C. L. Herrick of Sidney, Rev. and Mrs. A. N. Denney of Milford, Mr. and Mrs. John Slawson of Sidney, James McNally of Allendale, N. J., and numerous relatives from North Franklin and vicinity. Interment was in the family plot at Riverside cemetery.

Byron C. Jackson, one of the best known and most respected residents of Franklin, died at his home in that village Friday night, following a six weeks' illness from heart trouble, following an attack of grip. Deceased was about 66 years of age and for a period of 40 years he conducted a grocery and feed store in Franklin. He was born on an estate near Teadwell and was a son of the late Richard Jackson.

Mr. Jackson attended the Congregational church at Franklin and for many years was chorister of its choir, he possessing a fine bass voice and taking a leading part in all things musical in that section.

# ONEONTA WILL BE THERE

Large Number of Local Travelers with Band and Everything Will Attend U. C. T. State Convention at Binghamton this Week—Elaborate Preparations Under Way.

More than 100 members of Oneonta Council, United Commercial Travelers, expect to set out in motor cars for Binghamton next Friday morning to attend the annual state convention of the organization. Oneonta has a "live" U. C. T. and when it comes to making a convention a big success, they need the help of Oneonta's councilmen.

C. H. Walling, George C. Crandall, J. R. Bailey and J. P. Harrington make up the committee which will look after Oneonta's part in the convention and see that all the local men who want to go to Binghamton get there. All members of the local council who plan to attend are requested to notify a member of the committee as soon as possible, so that adequate transportation may be provided. If there are any who are willing to loan their cars for the purpose, they will be gladly heard from. It is planned to leave Oneonta about 9 a. m. Friday.

Oneonta is well represented among the state officers, H. S. Rowe being grand junior counselor, C. H. Bowdish is chairman of the state auditing committee, and E. D. Tinker is a member of the grand jurisprudence committee. Frank Ferguson is one of the accredited delegates from Oneonta council with J. P. Harrington as alternate. The men are making elaborate arrangements for the event and have engaged Keeton's band to accompany them on the trip. They will wear hats which with the insignia proclaiming whence they came and plan to let Binghamton know that "they're there" in true U. C. T. style. Several members are planning to take along their families, and no doubt next Friday morning will see a caravan moving down Chestnut street.

Although the Oneonta delegation will not go until Friday, the convention will open Thursday at 8:20 p. m. with a meeting of the State Secretary's association and a card party for the ladies in the Rose room of the Hotel Bennett. On Friday at 10 a. m., the informal opening of the Grand lodge will take place in the American Legion auditorium. The secret session will be opened at 1:30 p. m. by Grand Counselor Charles H. Abbott. During the evening theatre parties will be given for the members, delegates and ladies and at 9:30 p. m. the parade of the Sea Serpents will start. This organization will hold its initiation and banquet at 10 p. m.

On Saturday the secret session will last from 9:30 a. m. until noon and during that time the visiting ladies will be given an auto sight-seeing trip through Russell-Spaulding bakery and the Purdy Ice Cream plants. At 1 o'clock dinner will be served for everybody in the new Endicott-Johnson hotel at Johnson City. From 2 to 5:30 a field day will be held at Johnson Field. At 7 o'clock the annual convention street parade, with over 2,000 in line, will start and at 9 o'clock there will be a Grand Ball at Kalurah Temple in honor of Grand Counselor Abbott and his staff.

The convention will close on Sunday. At 9:30 there will be a secret session and election of officers in the American Legion auditorium and at 11:30 there will be an address by Douglas Malloch, well-known to Oneontans, and at 12:30 farewell exercises will close what bids far to be the most successful state convention ever held by the U. C. T.

## NEW TROUBLES PURSUE MERILYN MILLER AND HER FIANCE, JACK PICKFORD

(By Hortense Saunders.)

Boston, June 4.—Trouble brought Marilyn Miller and Jack Pickford together; trouble may keep them apart—and thus prevent new love mending the hearts two tragedies have broken.

Miss Miller is the star of Flo Ziegfeld's "Sally" and the highest salaried musical comedy actress in America. Pickford is the brother of the famous Mary and has directed and starred in films.

It was trouble that brought about the announcement of the engagement. Miss Miller had given some autographed photographs to Benjamin Kabatznik, a Boston art dealer. Kabatznik had these in a furnished residence in Boston, which he was accustomed to rent to visiting theatrical celebrities.

When "Sally" came to town, Geneva Mitchell of the company took the house. She is the "Pogo Girl" who recently eloped with a millionaire student at Yale and parted company with him a few days later.

Kabatznik reserved the right to entertain in the living quarters of the house. Came a party—or two parties! But the two parties not mixed up—in a sort of free-for-all. In Boston they call it the "palama party," because Miss Mitchell appeared in a costume that looked like that. However, she says it wasn't palamas at all, but a fancy affair that she had worn to a masquerade or something.

The party came to the attention of the public officials, through complaints of some of the girls that they had been beaten up. Miss Miller's name got dragged into it, on account of the autographed photographs. Someone asked her pointblank if she

were going to marry Kabatznik, and she said "No"—and a mouthful more about him which was not complimentary.

### Announces Engagement

Then! Just to clinch the argument, she announced she was already engaged to Jack Pickford, saying "trouble brought us together. The 'trouble' she referred to was the death of her own husband, Frank Carter, in an auto accident, and the death of Jack Pickford's wife, Olive Thomas, who swallowed poison in Paris.

Trouble didn't cease there, however.

For Flo Ziegfeld, who has a habit of wanting his stars to confine their love-making to the stage, and who has a contract with Miss Miller which specifies that she must remain a widow for a long time yet, burst forth with a tirade against Jack Pickford.

"If Miss Miller is to marry, I hope she will pick for a husband anyone but Jack Pickford," was the gist of what he said.

More trouble from Kabatznik—"Miss Miller has spoken terribly of me. And we were such good friends. I entertained Jack Pickford and herself less than a week ago. She must retract and apologize!"

Miss Miller, "tis said, made a little trouble herself. Geneva Mitchell was fired from the "Sally" company.

Another trouble—Jack Pickford by that time was well on his way back to movieland in California. Miss Miller under her contract with Ziegfeld, must remain in the east. "Marilyn Miller" emblazoned in Broadway lights or "Mrs. Jack Pickford" on calling cards? That's what Marilyn Miller must decide.

## ROBBERY AT FRANKLIN

Town Clerk's Office Stuffed Friday Night—Fifteen Hundred Dollars in Money and Bonds Taken—Margaretville Man Held Pending Investigation.

At some time last Friday night entrance was gained through a back door to the store of Victor Howard of Franklin, who is town clerk of that town; the safe was opened and a strong box inside which contained a total of about \$1,500 in cash and Liberty bonds, besides other papers, not negotiable, was carried away. The loss was not discovered until about 10 o'clock Saturday morning, when Mr. Howard had occasion to go to the safe, which is the property of the town of Franklin. The outer door of the safe, it is understood, was not locked, but the strong inner box of iron was pried out and carried off.

Investigation showed how entrance to the store had been secured, and also the extent of the loss. The bonds were to the value of \$1,400, and the cash \$100. The safe was registered. The remaining \$150 were coupon bonds of value of \$100 and \$50 respectively. Of cash there was about \$100, making a total of \$250 which could be used or negotiated. There were also in the box, which has not been recovered, chattel mortgages and other papers which cannot be negotiated, and of which there is record in the books of the office.

As soon as the loss was discovered, the state troopers at Sidney were located and began an investigation; and at a later hour Perry Craft, a resident of Margaretville, about 20 years of age, who had been employed on the town highways the previous week, was apprehended at Walton. A search failed to reveal any of the plunder in his possession, but there was a revolver in his satchel and Craft was held on the charge of carrying it without a license. In the meantime the troopers are making further investigation.

Craft, as above stated, had been working on the highway and had received his pay on Friday. It was understood that he was to continue work on Saturday, but it rained that morning, and Craft, instead of remaining, departed for Walton, being so far from the only person who left the village. He had received about \$24 in his pay envelope, had paid \$19 for board and \$6 for an auto to take him to Walton, and he had \$2 in his possession when captured. Neither the authorities in Franklin nor the state troopers had apparently any further information regarding the matter. The investigation, however, will go on, and efforts will be made if possible definitely to locate the offender.

Saturday afternoon the report was current in Oneonta that the Franklin bank had been robbed, and as was natural much interest and anxiety was shown. The bank of direct telephone communication, difficulty was found in ascertaining the facts, but late in the day The Star office was able to set at rest the disquieting rumor.

Craft, who is being held by the state troopers, has for much of his life been a resident of Margaretville, but has been employed at odd jobs about the village, but, it is stated, from that place, is without steady employment. His home is with his stepfather and mother, Mr. and Mrs. Kelley, of that place.

## ORDER DIRECTORY NOW

New City Directory Will Be Up to Date and a Useful Book.

The new directory of the city of Oneonta soon to be issued from The Star office is practically completed and it is expected that the first forms will be on the press by the middle of the week. It will be impractical to print, owing to the cost, more than those ordered. Hence, citizens desiring a copy who have not placed their order for one or more copies and desiring one for office and residential use, should do so early the present week. Orders will be accepted either by mail or phone at The Star office.

The book in addition to a complete list of residents of the city, will contain also an alphabetical list of the residents of the following villages: Otsego, Wells Bridge, Canadilla, Colliers, Maryland, Schenectady, Worcester, Portlandville, Milford, West Oneonta, Laurens, and Hartwick. The directory retails at \$1 a copy and no business or professional office in the city can afford to be without it for reference.

## Burroughs Club Disappointed

More than fifty-five members of the Burroughs Nature club of this city who had been planning to enjoy the outing to be held at the summer camp of Mr. and Mrs. C. A. Miller at Emmons lake on the mountain south of Oneonta last Saturday, were forced to postpone the realization of their hopes when it was announced that the picnic had been indefinitely postponed on account of the unfavorable condition of the weather. The plans for the outing included provision for picnic dinner, hikes and general fun in the out-of-doors. It is expected that at some future date when the weather is more favorable the outing will be given as planned.

Cashin, city treasurer of Kingston, has been named a special assistant United States district attorney to succeed former Mayor Palmer Canfield, who has resigned to become counsel to Ralph J. prohibition enforcement director. ## TRAVELING MEN DINE

Complimentary Dinner Tendered Them by Chamber of Commerce at Elks' Club

## EVENT LARGELY ATTENDED

Responses by O. Clark McCrum, Mayor C. C. Miller and Rev. L. C. Denney of St. James' Church — "Advertise Oneonta," the Slogan.

Saturday evening a complimentary dinner was given at the Elks' club to traveling men of Oneonta, numbering in all about 50 men, 40 of whom represent Oneonta houses and the remainder out-of-town firms, by the Oneonta Chamber of Commerce and it proved a most enjoyable affair, the occasion being marked by an exchange of felicities, the officers of the Chamber having opportunity to express the appreciation of the city for the loyalty and these men have always displayed and for the many kind things they have said in their travels about this section. In turn the traveling men, through H. Spencer Rowe, declared that the Commercial Travelers association felt grateful to the Chamber for its cooperation and aid especially when the state association convened here and on numerous other occasions.

About 75 were in attendance, including the directors of the Chamber, and prior to the feasting there was a half hour's reception in which all of the guests were acquainted and a spirit of good fellowship prevailed.

The dinner was served by the regular caterer at the club and the meal and the service was all that could be desired, all being in the best of humor when the cigars were passed and President Briggs arose to welcome the guests, in behalf of the local firms for their representatives and in behalf of the Chamber for all.

Mr. Briggs before, presenting the first speaker, said that the event was prompted by an appreciation of the part the travelingmen have taken in the rebuilding of the city commercial district and in every way and a belief that the praises they have sung of this city have done much to create a favorable opinion of Oneonta as a place of residence. He bespoke their continued good will and invited suggestions from them of things that would contribute to the city's upbuilding. If you find something else, among those whom he mentioned with a bit of history in relation to them were Richard Smith, Joseph Brant, the Scramlings, the McDonalds, William Angel and his Oneonta hotel, in the sign of which a space was left for the word railroad when the railroad became a reality. E. R. Ford, who built the Stone Mansion. He told of the Underground railroad and of the stations here where the slaves were kept over night and sent to New Berlin and Peterboro. He told of the time when trout were caught from the brook that ran back of what is now the city hall, on the east side of Main street. He exhibited two specimens of old English coins which were dug up but a few years ago after being buried in the ground in this county nearly 200 years.

## Some Facts About Oneonta

Mayor C. C. Miller had an impressive array of facts, little known yet interesting to all, relative to Oneonta and its prosperity. The figures, many of them at least were astounding, and were listened to with keenest attention. We have, said the mayor, industries in the city of the size of which few of us have any accurate conception. Our railways are 33 per cent below normal yet, in May the D. & H. company handled 95,569 cars in 1,486 trains. There are in the city about 100 miles of track. In 1922 the railroad company handled 250,000 cases of milk and 500,000 cases of eggs and 551,000 passengers. One local feed firm shipped 54,110 tons in 5,561 cars and in all \$200,000 is paid out for labor in handling feed in the city. The overall factory makes 1,000 dozen overalls weekly and makes up each year 2,000,000 yards of materials. All firm manufacture into apparel 2,050,000 yards in the year. Of silk hose there is manufactured 10,200,000 pair in a year and in the same period 1,140,000 pair of silk and wool gloves. Over 1,100 new autos and trucks were sold by local dealers and half as many used cars. In spite of keen competition through jobbers two local manufacturers of soft drinks made 1,232,000 bottles.

The city has 2,388 acres within its confines and during the year 881 real estate transfers were made. It has 111 acres of parks, all being improved. It has 7½ miles of paved streets and 40 miles of streets and parkways. Three-fourths of the streets are sewered and there is not an unpainted house in the city.

## First Impressions

Rev. L. Curtis Denney, rector of St. James' Episcopal church, was the last speaker, he responding to "First Impressions." He at once gained popularity with the salesmen by declaring that "practically all his male relatives are salesmen. It seemed incongruous for him, a clergyman, to attempt to tell a story or two to salesmen but he made good with a couple of laughable ones. He asserted that there is a similarity in work and both must be good students of human nature and know how to approach men. Briefly his first impression of Oneonta is that it is an open-minded community, always progressive and ready for an advanced step at all times. He declared that he was impressed with the attractiveness of the city when he first arrived and is becoming more attached to it each day.

Music for the evening was furnished by Canning's orchestra, and the singing of popular songs was led by Jerry Wilson. The committee in charge was composed of E. W. Ruckler Jr., Charles J. Beams, H. Spencer Rowe, O. B. Rowe and C. H. Walling and to their earnest efforts the success of the evening is to a large extent due.

Think! Is the Dirt ON Your Clothes or IN Them?

A vigorous brushing will not clean clothing. Brushing removes only the dirt which is ON the clothes. It does not touch the dirt which is IN the fibre and weave.

Clothes which have dirt in them lose their color and life. Send your garments to Hoffman regularly. Then they will be returned to you entirely clean, with all the original colors fully restored, with new life and snap.
